*we kindly need from you

- **Please, provide us with stage at least 6x4 m (we can't fit to smaller ones)**
- **Please, we need UTP CAT6e cable (Ethercon preferred) from our IEM rack (next to drums) to our FOH console – must be prepared before the audience comes!!! IMPORTANT!!!**
- All inputs are connected to our IEM rack (stagebox)
- All monitors are own IEM, we don't need any wedges or drumfills.
- We kindly ask you for quality 3 or 4-way active stereo PA, with sufficient power and coverage for the venue. Please not homemade, „Made in China“ or cheap plastic speakers.

We need from you in FOH position:

1x Table (120 x 90 cm) or 2x Case for our FOH Console

3x Power 230 V

2x XLR cable Main out L/R from our FOH Console to your PA
(can be provided also on stage from IEM Rack)

Dry, secured and roofed (in the case of Open Air shows) FOH position.

We need from you on Stage (in Stageplan highlighted in red):

10 – 15x XLR cable long enough from Inst/Mic to IEM Rack

1x Boom Mic Stand Low 3/8“

1x Boom Mic Stand Medium 3/8“

2x Mic Stand Tall and Boom 3/8“

5x Power 230 V 3-socket or more (CZ or Schuko)

Dry, secured and roofed (in the case of Open Air shows) stage.

Big THX you for your help:)
